

I would like to briefly express the importance of K-LOVE to my life and my community. KLOVE gives hope when times are hard and brings peace when needed most. My friends and I can tell the difference when it isn't in the background because it seems to keep everyone focused on what matters most in life, God and friends. Without KLOVE, I believe, there would be a light missing in the dark. KLOVE brings us that light and helps to keep us on the right path toward life with Jesus eternal. I know very little about electronics but hope that if the new broadcast service known as LPFM has any chance of impacting my ability to listen to KLOVE that you would reconsider and decide not to expand its' ability. I sincerely thank you for your time and pray that God will bring you blessings.
